- Animal entries should include wildlife only. Domestic animals will be accepted only in the agriculture category.

Bucks for Ducks 2016

Process

- Entries will be evaluated by a three-person panel and will be judged on creativity, composition, presentation, technical quality and theme. Ultimate selection for display and sale will be based on the results of the judging and appropriateness for sale at *Bucks for Ducks*.
- The photographers of the photos selected will be notified by September 22nd, and the photos will be posted on a web album with a link from the Yolo Basin Foundation web site www.yolobasin.org.
- The photographers are responsible for submitting prints of their selected photographs on high quality paper with a finished size of no larger than 80 square inches to Yolo Basin Foundation by September 29th, or they may choose to pay \$5 each to have their photos printed by a professional photographer associated with the Foundation. No matting or framing is necessary.
- The prints will be sold in the silent auction during *Bucks for Ducks* and will become the property of the highest bidder. The image copyright will remain with the photographer.

Awards

- The three photographers whose pictures raise the most money will each receive a special award.
- The photos of the two top winners from 2016 are shown in this flyer.
